

Sprint 2 Plan
Fam
Group 19
Sprint Completion: May 17, 2017
v1.0.0

Goal: For this sprint, we want to link everything together and have a working product

Task Listing:

(13) As a user, I want suggestions of locations so I can find a place to go

- ☐ Task 1: (5hrs) pull from database containing all user suggestion (location db)
- ☐ Task 2: (10hrs) display locations depending on map size (suggest random location ~15 suggestions)
- ☐ Task 3: (8hrs) display information about selected location in sidebar

(13) As a user, I want to be able to input suggestions of locations for other users to see

- ☐ Task 1: (3hrs) create button that allows user to make a new location
- ☐ Task 2: (5hrs) click on the map and a pin will appear
- ☐ Task 3: (3hrs) sidebar will update to add a review (location db: title, upload pic, description, directions, reviews)
- ☐ Task 4: (5hrs) update database when user clicks submit (location db)

(8) As a user, I want to be able to rate and review locations

- ☐ Task 1: (5hrs) click on pin on the map or from link on the sidebar to show description on the location
- ☐ Task 2: (3hrs) create review button
- ☐ Task 3: (5hrs) review button will bring up comment textbox and will update when submitted (location db: review)

(13) As a user, I want to add friends so that I can see what places they have been up to

- ☐ Task 1: (10hrs) create a database of connected users
- ☐ Task 2: (10hrs) pull from "location db: review"
- ☐ Task 3: (10hrs) display connected users reviews

(5) As a user, I want to create a public/private group so that I can have specific people know of an event

- ☐ Task 1: (3hrs) create make group button
- ☐ Task 2: (10hrs) pull from connected user db for friends
- ☐ Task 3: (10hrs) option for private/public

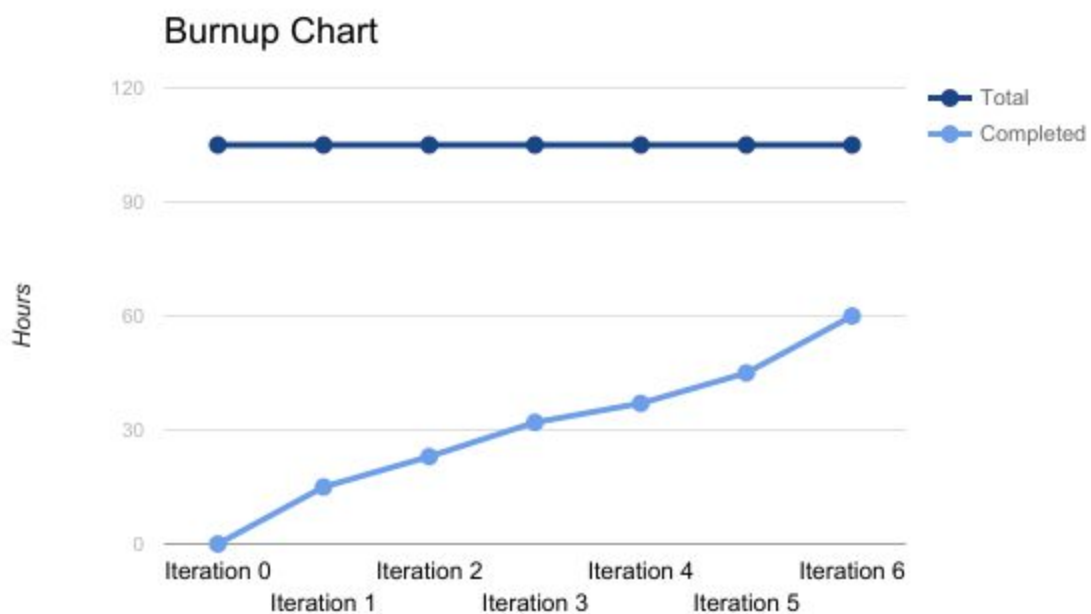

Team Roles:

- Bryan Ko: Product Owner
- Anthony Lee: Developer
