Sprint 2 Plan
Fam
Group 19
Sprint Completion: June 5, 2017
v1.0.0

Goal: Work on all of backlog of previous sprints

Task Listing:
(13) As a user, I want to be able to input suggestions of locations for other users to see
 ❏ Task 1: (3hrs) create button that allows user to make a new location
 ❏ Task 3: (3hrs) sidebar will update to add a review (location db: title, upload pic,
    description, directions, reviews)
 ❏ Task 4: (5hrs) update database when user clicks submit (location db)

(8) As a user, I want to be able to rate and review locations
 ❏ Task 1: (5hrs) review button will bring up comment textbox and will update when
    submitted (location db: review)

(5) As a user, I want to create a public/private group so that I can have specific people know of
an event
 ❏ Task 1: (3hrs) create make group button
 ❏ Task 2: (10hrs) pull from connected user db for friends
 ❏ Task 3: (10hrs) option for private/public

(3) As a user, I want a filter so I can narrow down my field of interests
 ❏ Task 1: (5hrs) connect search form box to db
 ❏ Task 2: (5hrs) show ~10 random location with the narrowed down search

(13) As a user, I want to add friends so that I can see what places they have been up to
 ❏ Task 1: (10hrs) create a database of connected users
 ❏ Task 2: (10hrs) pull from "location db: review"
 ❏ Task 3: (10hrs) display connected users reviews

(5) As a user, I want to get an alert when there's a nearby event so I won't miss out
 ❏ Task 1: (5hrs) connect to friends db and display friends post

(8) As a user, I want to be able to login with facebook, google, etc. for convenience
 ❏ Task 1: (5hrs) get access to login information through facebook/google/etc

(13) As a developer, I want a mobile version of the application
 ❏ Task 1: (10hrs) user cordova to convert to web application to mobile application

(5) As a user, I want to be able to see my reviews posted in my profile
- ❏ (5hrs) Have an option for profile picture
- ❏ (10hrs) Pull reviews from database with specific IDs linked to login account
